

7WONDERS-002 STORAGE SOLUTION

Storage Organizer for 2nd Edition base game + Cities, Armada, and Leaders expansions

Organizer kit includes storage for cards, tokens, and boards

Construction Tips

- 1) Each piece should be removed from the frames with gentle pressure back and forth. You should not need a knife to cut pieces free.
- 2) Our inserts are designed to be glued together. We use Sobo craft glue, but any glue that is tacky and dries clear will work fine. Tacky glue assists with building as it holds better during construction. You can use painter's/masking tape for some joins, but glue is always best.
- 3) Ensure you cleanup excess glue as you build. This is especially important in card lanes where dividers will be used or in spaces where a tray will be stored.
- 4) Check the build diagrams included in the package for reference, including all parts, as well as build tips specific to this insert.
- 5) **Always dry fit pieces first** to ensure a good fit and to better understand how the kit goes together.
- 6) Allow your finished insert to dry overnight.
- 7) You can optionally sand and even stain your insert.
- 8) Don't hesitate to reach out to us if you have questions!

Build Instructions

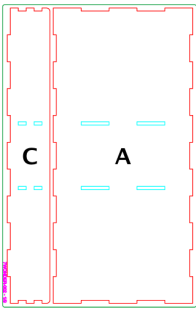

PLATE 1

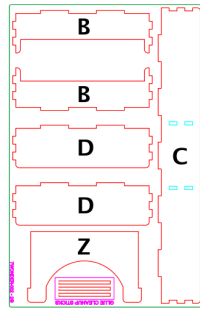

PLATE 2

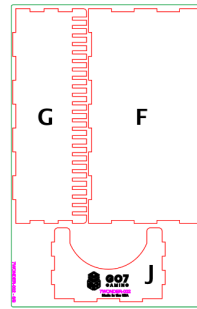

PLATE 6

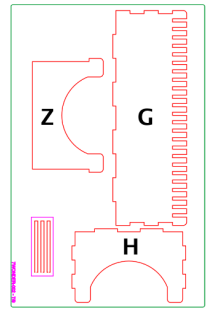

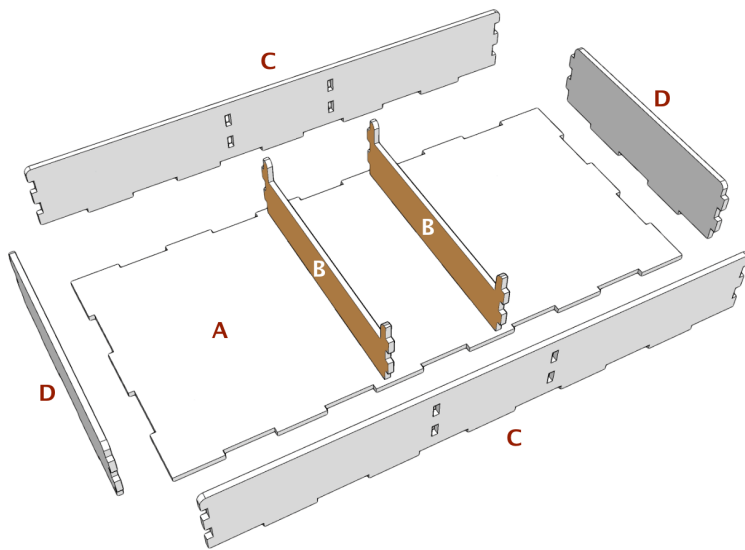

PLATE 7

Please reference the diagrams to understand how each component fits together. Also, dry fit the pieces to understand how it goes together and ensure everything is oriented properly before applying glue. Finally, cleanup excess glue to ensure a proper fit and finish, especially in card, rail, and tray storage areas.

Building Large Tray

The Large Tray is designed to hold score pads, armada boards, and 3D tokens.

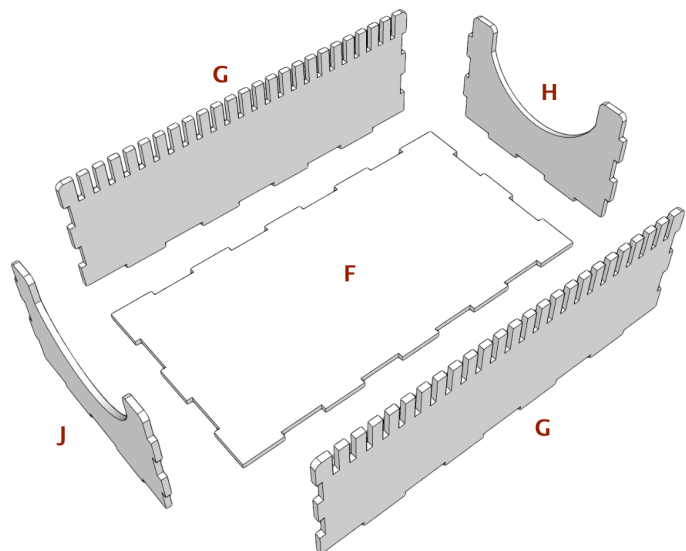

- 1) Lay base (A) down on your workspace.
- 2) Next, apply glue to the bottom and side tabs of inner walls (B, B) and connect to base (A). {brown}
- 3) Next, apply glue to the bottom of outer walls (C, C) and connect.
- 4) Finally, apply glue to the bottom and side tabs of end walls (D, D) and connect.

Building the Card Tray

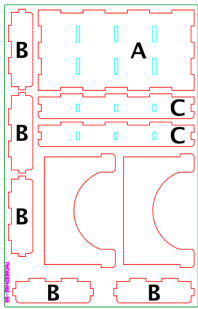

The Card Tray is designed to store your cards, sleeved or unsleeved.

- 1) Lay base (F) down on your workspace.
- 2) Next, apply glue to the bottom and side tabs of end wall (H) and connect to base (F).
- 3) Next, apply glue to the bottom of outer walls (G, G) and connect.
- 4) Finally, apply glue to the bottom and side tabs of end wall (J) and connect. **Logo should face outward!**

Once your tray has had a few minutes to dry, place a few dividers (Z) in the tray to ensure a perfect fit once dry.

PLATES 3, 4, 5

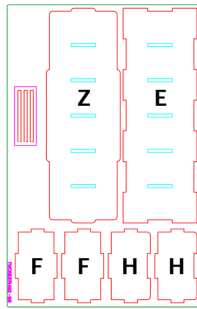

PLATE 8

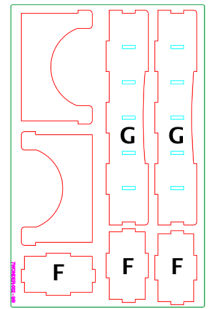

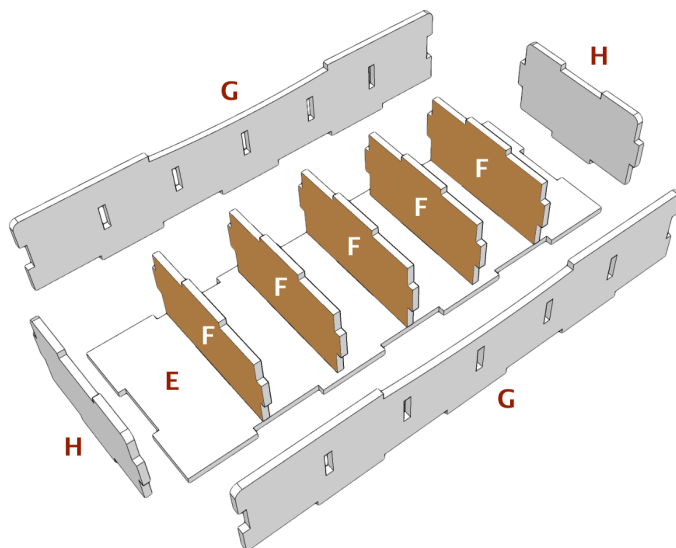

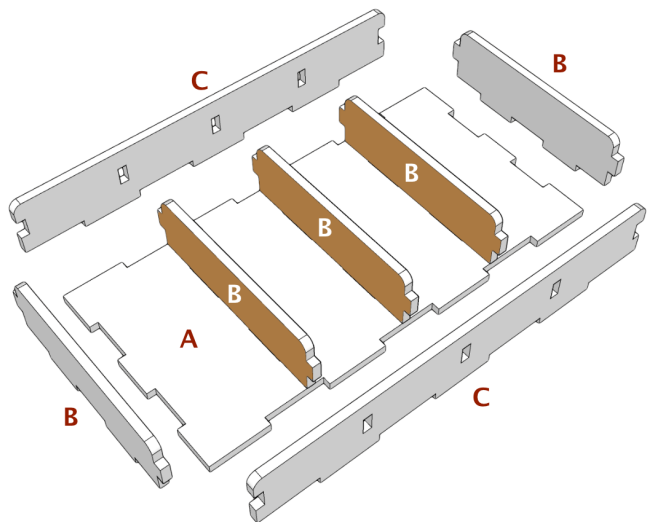

PLATE 9

Please reference the diagrams to understand how each component fits together. Also, dry fit the pieces to understand how it goes together and ensure everything is oriented properly before applying glue. Finally, cleanup excess glue to ensure a proper fit and finish, especially in card, rail, and tray storage areas.

Building the Small Token Trays (3x)

The three Small Token Trays are used to store tokens.

- 1) Lay base (A) down on your workspace.
- 2) Next, apply glue to the bottom and side tabs of inner walls (B, B, B) and connect to base (A). {brown}
- 3) Next, apply glue to the bottom of side wall (C) and connect. Repeat on the other side with outer wall (C).
- 4) Finally, apply glue to the bottom and side tabs of end walls (B, B) and connect.
- 5) Repeat this build two more times.

Building the Large Token Tray

The Large Token Tray is used to store tokens.

- 1) Lay base (E) down on your workspace.
- 2) Next, apply glue to the bottom and side tabs of inner walls (F, F, F, F, F) and connect to base (E). {brown}

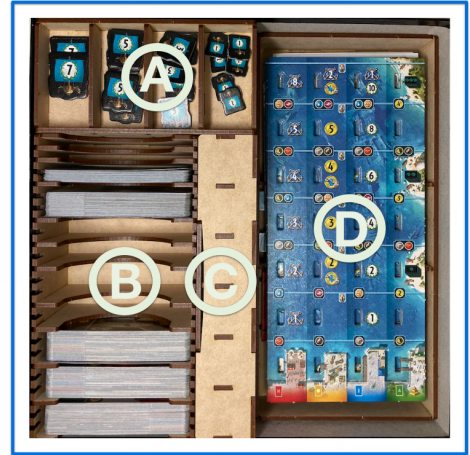

Note: the inner walls should be oriented properly before gluing. Dry fit the pieces and it will be clear which orientation is correct.

- 3) Next, apply glue to the bottom of outer walls (G, G) and connect.
- 4) Next, apply glue to the bottom and side tabs of end wall (H) and connect. Repeat on the other side.
- 5) Finally, after your tray has had a few minutes to dry, put lid (Z) on it and allow the tray to dry overnight.

Storing Your Trays in the Box

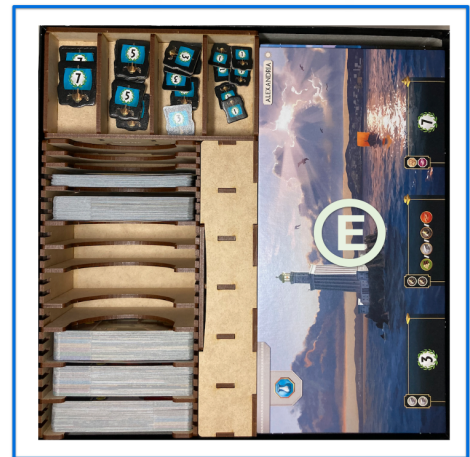

Step One:

Place the three Small Token Trays (A), the Card Tray (B), the Large Token Tray (C), and the Large Tray (D) into the box.

Step Two:

Next, place the Wonder boards (E) on top of the Large Tray in the box.

Step Three:

Finally, place the instruction sheets (F) into the box and close the lid.

Expansion Considerations

This organizer is designed to house all 2nd edition expansions released as of September 2021. There is tray space left for additional components and there is space for additional Wonder boards. You can use a few Armada boards to lift the Wonder board stack up to the level of the other trays, providing a level surface at the top of the box. If additional Wonder boards are released, you can then move the Armada boards back into the Large Tray and store the new Wonder boards on top of the other Wonder boards.
